

ADDENDUM #1
REQUEST FOR PROPOSALS
RFP-03-24 Oyster River and Coastal Lands Floodplain Mapping
Issued April 15, 2024

The Strathcona Regional District (SRD) wishes to issue the following addendum to RFP 03-24 – Oyster River and Coastal Lands Floodplain Mapping which closes on Friday, May 24, 2024.

New Reference Material

In 2018, the Comox Valley Regional District (CVRD) completed a flood risk assessment for the Oyster River and Saratoga Beach coastal area, including the northern shore within the jurisdictional boundaries of the SRD. Additionally, in 2021, the CVRD completed a Coast Flood Mapping project. These two projects cover a significant portion of the study area for this RFP and the resultant data is available from the SRD to serve as a foundation for this project.

The SRD does not expect proponents to duplicate this work. Rather the successful proponent should build on it, ensuring that the terms of the RFP and Provincial guidelines are met, and any data gaps are closed, including completing the defined scope of work for the full study area identified in *Appendix A – Flood Hazard DPA* of the RFP.

A new appendix, *Appendix C – Area of Existing Data*, has been appended to this addendum to detail the area covered by the CVRD data.

Question:

Is it possible to extend the submission deadline?

Response:

Yes. Given the new information provided as part of this addendum, we have extended the closing date of this RFP to **Friday, May 24, 2024** and amend the award issue date to Friday, May 31, 2024.

Please sign below, acknowledging receipt of this Addendum and return this document with your submission to the RFP.
